PERSONAL PROJECTS

Built A Weather App Using Html, CSS, Javascript, and API

- <https://weather4all-ce153.web.app/>
- This is a website that displays the current weather of any location
- I used CSS flexbox to create a responsive, centered card and accessed APIs using JavaScript's 'fetch()'

Created a responsive e-commerce website using html,css and javascript

- <https://dripkart-c16e6.web.app>
- This is an E-commerce website for kid's accessories with beautiful hover effects

Complete Responsive Portfolio Website Using HTML & CSS & JavaScript

- Used HTML, and modern CSS techniques such as CSS grid, flexbox, pseudo selectors, keyframes, and more
- Used JavaScript to add some stunning animations to the website and made it interactive
